WE'RE AMERICANS!

THE "Five Fools of Frankfort" are not the only lions on the dump. Dr. FRENDEBERG, the Democratic Health Officer of Cincinnati, has been held to the Grand Jury on the charge of blackmail.

A CORRESPONDENT asks THE LEDGER to "pitch into" the Legislature at Frankfort. Declined, with thanks; there's no aquafort in our inkstand, and some sort-of-a-gun has stolen the office dictionary.

GROVER BROWN, a thirteen-year-old colored boy, has been missing from Cincinnati for several days. Maybe he has gone on a hunt for his late illustrious namesake, who appears at last to have foundered in the slough of "incoherent desuetude."

THE Civil Service Commissioners are not alarmed at the threats of spoils-hunting Congressmen against the Civil Service Law. They think few encroachments on the regulations will be made. These five-thousand-dollar-a-year patriots are paid to "think"—to think up all sorts of ridiculous questions for applicants for office—and perhaps that's why they "think" that nobody will encroach on their peaches and cream.

TWENTY per cent. of gain in twenty weeks is a pretty good record for any political party to make in Ohio. This is the gain which the Rhode Island Republicans made in the recent state election over the vote for MCKINLEY in 1896. This is the only spring election in which National politics have any figure, the elections in the cities having hinged upon purely local issues which had nothing to do with the growth or otherwise of Republican or Democratic sentiment from a National standpoint.

AFTER this it cannot be denied successfully that some Republicans want office as badly as the Texas did a pistol. Down in Grant county the Fiscal Court is composed of four members—two Republicans and two Silvertites. It took just one hundred ballots to elect a County Treasurer, the Court finally choosing JOE GLASCOCK, a Republican. But Mr. GLASCOCK agrees to serve without compensation and also to pay the county \$100 a year for the honor—and for the deposits. It is presumed he won the vote of a Silverite by promising to pay the \$100 in silver.

A MARKED contrast between the Tariff discussions of the present occasion and those which accompanied the adoption of the Wilson Law is found in the absence of the words "Sugar Trust." The Wilson Law will be remembered, condemned on all sides as being especially advantageous to the Sugar Trust. Even its friends did not dare to deny that this was a fact, and they are greatly disappointed that they do not have an opportunity now to reiterate that charges in relation to the Dingley Bill. It is admitted, however, by Democrats as well as Republicans, that the Dingley Bill not only destroys the advantage which the present odious law gives to the Sugar Trust, but absolutely precludes the possibility of any suspicion that it is advantageous to this or any other trust or combination.

They Work While We Sleep.

There are but three organs in the body that work while we sleep—the Heart, the Lungs and the Kidneys.

The Heart is the pumping organ. The Lungs furnish the oxy of combustion. The Kidneys are the sewers. Upon the activity of the Kidneys depends the purity of the blood.

They are constantly filtering poisons and impurities out of it. If they did not set the pace to the body by getting rid of the waste products of the body that would be born instead of life.

Upon Strong, Healthy Kidneys depend Pure Blood. Pure Blood means Perfect Health.

If you could keep your Kidneys healthy and active take

Dr. HUNTER is guilty as charged he ought to be elected to a sixty year term in the Penitentiary. If not, he ought to be elected to a six year term in the Senate and his accusers banished to Louisville.

THE correspondent who asks THE LEDGER to "pitch into" the Republican members of the Legislature is welcome to take up the work where we left off in the fall of 1895. THE LEDGER said its say then, and has nothing to add now.

OH, dear! The three Civil Service Commissioners called in a body on the President a few days ago and entered a protest against removing men from office who were presumed to be protected by the Civil Service Law. They protested particularly against the removal of Chief Clerk KENNEDY of the State Department. They informed the President that the removal of persons in the classified service was a violation of the Civil Service Law. Well; when these \$5,000-a-year understrappers undertake to read the law to the President, it is about time the latter was putting a little oil on his Bogardus kicker. Under the last Administration the Civil Service was converted into a political machine, and this one will try and put it to its proper use.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stands in a positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Send Dr. Kilmer's Swamp-Root, fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention THE PUBLIC LEDGER and send your full Postoffice address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

ARRANGEMENTS

For President McKinley's Trip to New York Perfected.

His Family, Cabinet Officers, Their Wives and Others Go With Him.

Vice President Hobart and Members of the Senate and House Will Leave Later—McKinley Will Be the Guest of House of the Union League Club.

WASHINGTON, April 21.—The arrangements for the president's trip to New York to attend the dedication of the Grant monument April 27, have been perfected. President McKinley with his family, members of the cabinet and ministers of foreign countries and a few specially invited guests will leave here on a special train over the Pennsylvania railroad at 10:30 Monday morning, arriving in New York at 4:30.

Gen. Miles, commander of the army, and Admiral Brown, the ranking admiral of the navy, will accompany the president as a special escort. The president and his immediate party will go to the Windsor hotel.

Members of the cabinet and members of the diplomatic corps will be quartered at the Fifth Avenue hotel. The president will board the government dispatch boat Dolphin in the East river and review the naval parade. In the evening Mr. McKinley will be the guest of honor at the Union League club. No time has been set for the return of the party on Wednesday.

Vice President Hobart and the members of the senate and house will leave here on a special train over the Baltimore & Ohio on Tuesday.

The preparation of having the president and vice president travel separately on such occasions is taken because, while no danger is anticipated, it is regarded as wise to guard against the remotest possibility of an embarrassing administration of the government in case of the disability of the president.

WASHINGTON, April 21.—Senator Morgan yesterday offered an amendment to the sundry civil appropriation bill appropriating \$50,000 to complete the improvement of Pearl harbor, Hawaii.

The resignation of Frank T. Palmer, of Wisconsin, chief of the division of accounts in the Indian bureau and formerly chief of the education division at that office, has been tendered at the request of the secretary and taken effect at once.

Bernard Goode, of Michigan, superintendent of the dead letter office in the post office department, has resigned, and D. P. Leibhardt, of Milton, Ind., who held the office under the Harrison administration, has been re-instated.

Ward Burlingame, of Kansas, who has been employed in the post office service for 17 years, has been promoted to be chief clerk of the dead letter office. He succeeds E. L. Record, of New York, resigned.

The Kentucky thoroughbred, Bismark, Jr., which was purchased for the president some time ago, was a man in Cincinnati, arrived at the white house stable Tuesday. The horse is a beautiful animal, spirited, but well broken and trained. The horse showed no ill-effects from his trip, and soon after 4 o'clock Mr. McKinley took his first ride astride his back.

McKinley is very fond of horse-back riding. He does not mount the horse at the white house stables, however, owing to the crowds of curious individuals who would collect there to witness the president on horseback, but drives out to one of the country roads in his carriage to some appointed place, where he is met by a groom with the saddle horse.

Mrs. E. S. Grant II.

WASHINGTON, April 21.—Mrs. U. S. Grant is reported seriously ill, and it is feared her health will not permit her to attend the dedicatory exercises at New York next week.

JAMES J. CORBETT

Challenges Champion Fitzsimmons to Box Any Number of Rounds—Fits Will Pay Attention to the Bid.

PHILADELPHIA, April 21.—James J. Corbett, Tuesday, issued the following challenge:

TO ROBERT FITZSIMMONS, CHAMPION OF THE WORLD.

"I hereby challenge you to box me any number of rounds for the championship of the world, under the provisions of the law, before the club offering the best inducements."

"As it would be a violation of the law to propose a side stake, that is, a detail that may be settled at your pleasure."

"As an evidence of my sincerity, however, I have Tuesday deposited a sum of \$5,000, which I invite you to cover, and name a time and place to meet me and arrange final details."

JAMES J. CORBETT.

Fitzsimmons Tuesday night declared that he meant to pay no attention to the challenges of Corbett or anybody else for a time, as he had earned a rest and meant to have it. He added, however, that he proposed to follow Corbett's example as dictator of the prize ring and his reply was that the latter should earn a reputation as a fighter instead of a boxer before he presumed to challenge him.

Dr. Hunter Will Withdraw Thursday.

FRANKFORT, Ky., April 21.—Dr. Hunter's managers announced at late hour that their candidate will withdraw Thursday and that a caucus will be held that night. The doctor declines to be quoted.

Jeffries and Baker Matched.

Captured and Burned by the Greeks in a Desperate Fight.

ATHENS, April 21.—News has just reached here that the Greeks, after a desperate battle, have captured and burned Damasi. The Greeks have captured and burned Damasi. The Greeks have captured and burned Damasi.

Revels 15 miles northwest of Larissa. Edhem Pasha with a force variously estimated at from 10,000 to 15,000 men, moved on Sunday at Monday, but it was only repulsed by the Greeks.

In Athens greater attention has been paid to the operations in the neighborhood of Revet than to those at Milona. The theory all along has been that if the Greeks could establish themselves at Damasi, their road would lie open to Ellassos.

The exact situation at Tyrnovo is somewhat in doubt. The news from that point is conflicting. But there is no confirmation of the rumor that the town has been captured by the Turks. What seems to have happened at Tyrnovo was evacuated in order to send troops forward to Revet and has been recaptured by troops returning from Milona.

MILONA PASS, April 21.—The Turks have just commenced the attack on the town of Tyrnovo. All the roads leading to Larissa are crowded with fugitives shouting, "Rescue! Rescue!"

The Greek divisions in the plain are completely dispersed. Athens, April 21.—A dispatch from Artz says that 3,000 Greeks have crossed the frontier at Bari, and a severe artillery duel was fought between the two forces.

Inmates of a Hospital Slaughtered by the Spaniards.

Every One Inside, Including Two Old Women, Killed.

Patriotic Staff Spaniards and the Town of Pavia. The Town of Pavia. The Town of Pavia.

NEW YORK, April 21.—A special dispatch to the Sun from Havana says: One of the most shocking illustrations of the savage warfare carried on by the Spaniards in Cuba happened Monday in this province, between the village of Guanaco and Jesus Maria.

Lieut. Col. Herrera, at the head of a guerrilla force of some 200 men, surprised a Cuban hospital, which about 100 sick and wounded were treated. Every one inside of the hospital was killed by the Spaniards, who did not even spare two old women who were acting as nurses.

One of the three wounded persons who made their escape by creeping covered with blood as they were, to a neighboring forest, tells of the massacre in a letter addressed to a friend in Havana.

"It was about 11 o'clock in the morning when a shot from our outposts revealed to us the presence of the Spaniards. Believing the place was safe from any attack of the enemy, hidden as it was in the forest, the Cuban detachment of 300 men who guarded us retired from the hospital three days ago to take up only ten men.

"It was impossible to describe in words the horrible scene. Driven out from their cots, my poor fellow-sufferers, lying in the middle of the room and in the hall, were killed by the Spaniards. The Spaniards answered these cries with insults, maledictions and thrusts their bayonets into the bodies of the other patients.

HAVANA, VIA KEY WEST, Fla., April 21.—The town of Fajal, in the Matanzas province, was captured Thursday afternoon by a Cuban force of about 300, supposedly under one of the officers of Gen. Lacerda's army. The place has three block houses, and the Cuban force of about 30 Spaniards.
